

ARKANSAS DEPARTMENT OF EDUCATION
EMERGENCY RULES GOVERNING THE
ARKANSAS QUALIFIED TEACHER REQUIREMENTS
May 12, 2016

1.00 REGULATORY AUTHORITY; PURPOSE; APPLICABILITY

- 1.01 These rules shall be known as the Arkansas Department of Education Emergency Rules Governing the Arkansas Qualified Teacher Requirements.
- 1.02 The State Board of Education enacted these rules pursuant to its authority as set forth in Ark. Code Ann. §§ 6-11-105, 6-15-1004 6-17-309, and 25-15-201 et seq.
- 1.03 These rules apply when:
- 1.03.1 An educational entity is contracting with an individual for a teaching position in a core academic subject area for which licensure is otherwise required but the educational entity has obtained a legal waiver from licensure requirements (as defined herein); or
- 1.03.2 The individual teaches one (1) or more subjects in special education or in an alternative learning environment.
- 1.04 These rules do not permit a waiver from the requirements for licensure in special education.
- 1.05 Upon final approval of the permanent Rules Governing Arkansas Qualified Teacher Requirements, the permanent rules will replace the ADE Rules Governing Highly Qualified Teachers and promulgated pursuant to the No Child Left Behind Act of 2001.

2.00 DEFINITIONS

- 2.01 “ARHOUSSE” means the Arkansas High Objective Uniform State Standard of Evaluation matrix attached as Appendices A-C to these rules.
- 2.02 “Core academic subject area” means English Language Arts, Mathematics, Science, Social Studies, Early Childhood (Elementary), Music, Art, and Foreign Language.
- 2.03 “Educational entity” means an entity that is identified by the Department of Education as a local education agency.
- 2.04 “Legal Waiver” means that the educational entity is:
- 2.04.1 A charter school that has obtained a waiver from the applicable requirement under a law allowing the waiver through the charter application process; or
- 2.04.2 A school district that has obtained a waiver from licensure under applicable law.

2.05 “Successful, relevant work experience” means employment in a specific field or occupation for at least one (1) year that required the educator to demonstrate knowledge and skills in the content area to be taught, as supported by two (2) professional letters of recommendation from the educator’s employers or supervisors in the related industry or occupation.

3.00 ARKANSAS QUALIFIED TEACHER REQUIREMENTS

3.01 A teacher teaching in a core academic subject area at an educational entity that has received a legal waiver of licensure shall meet the requirements of an Arkansas Qualified Teacher.

3.02 Eligibility Requirements. To meet Arkansas Qualified Teacher requirements, the educator must have either:

3.02.1 Previously met highly qualified teacher status under the ADE Rules Governing Highly Qualified Teachers and promulgated pursuant to the No Child Left Behind Act of 2001; or

3.02.2 Obtained a bachelor’s degree or an advanced degree and meets one (1) of the following requirements:

3.02.2.1 The bachelor’s degree or advanced degree is in the content area in which the educator will teach;

3.02.2.2 The bachelor’s degree or advanced degree contains a minimum of eighteen (18) college credit hours in the content area in which the educator will teach;

3.02.2.3 The educator has successfully completed a content area assessment approved by the State Board of Education for the content area in which the educator will teach;

3.02.2.4 The educator is a National Board Certified Teacher for the content area in which the educator will teach; or

3.02.2.5 The bachelor’s degree or advanced degree is in any major and the educator has documented successful, relevant work experience in the teaching area;

3.03 An educator teaching one (1) or more subjects in special education shall hold an Arkansas teaching license in special education and either:

3.03.1 Meet one other eligibility requirement under 3.02; or

3.03.2 Demonstrate content knowledge in each of the areas he or she teaches using the ARHOUSSE matrix (see Appendices A-C).

3.04 An educator teaching one (1) or more subjects in an alternative learning environment shall hold an Arkansas teaching license and either:

3.04.1 Meet one other eligibility requirement under 3.02; or

3.04.2 Demonstrate content knowledge in each of the areas he or she teaches using the ARHOUSSE matrix (see Appendices A-C).

3.05 Educational Entity Responsibilities

3.05.1 The educational entity shall determine that the educator meets the eligibility requirements for the content area in which the educator will teach.

3.05.2 The school district shall indicate in eSchool that the educator is an Arkansas Qualified Teacher, and shall maintain records of the educator's eligibility and content areas taught. The records shall be made available for Department of Education review.

3.06 The ARHOUSSE matrix attached as Appendices A, B, and C to these rules will be reviewed after the 2016-2017 school year, and revised as necessary to align with the state's plan filed with the United States Department of Education under the Every Student Succeeds Act.

4.0 EMERGENCY AND EFFECTIVE DATES

4.01 Whereas, the United States Congress passed the Every Student Succeeds Act (ESSA) in December 2015, which removed the requirement that core content courses be taught by teachers who are licensed, degreed, and certified in content knowledge as highly qualified teachers and effectively nullified the ADE Rules Governing Highly Qualified Teachers and promulgated pursuant to the No Child Left Behind Act of 2001; and

Whereas, the repealed federal highly qualified teacher provisions allowed public charter schools to waive the licensure requirement but still required them to staff with teachers who were degreed and certified in content knowledge (i.e. highly qualified) for core content courses. Existing charter school charter agreements acknowledge this requirement, but because the highly qualified requirements have been nullified by ESSA, unless these rules are in effect immediately, the state has no authority to require charter school teachers in core content areas to be highly qualified; and

Whereas, the Arkansas Department of Education has diligently sought federal guidance on the implications and implementation of ESSA, but has not received that guidance. In the

absence of federal guidance the ADE has worked with many educational stakeholders to determine the best path for transition since the adoption of ESSA; and

Whereas, the 90th General Assembly enacted Act 1240 (codified as Ark. Code Ann. § 6-15-103), allowing school districts to request the same waivers as granted to a charter school within the school district where students of the school district attend, including waivers of licensure with no provision for review or monitoring. As those waivers are granted by the State Board under the law, these school districts have no accountability for the quality of teachers in core content areas. Unless these rules are in effect immediately, the state has no authority to require public school teachers in core content areas who are employed in a school district that has received a waiver under Act 1240 to be highly qualified; and

Whereas, special education teachers are still required under ESSA and the IDEA to be highly qualified in core content areas. In March 2016 the Arkansas Department of Education was required to assure the United States Department of Education, Office of Special Education Programs that either Arkansas special education teachers would be 100% licensed (with no waivers or provisional licensing) or the state would continue to require them to be highly qualified for content courses. The state continues to experience a decline in the teacher pipeline for special education, resulting in an 18% shortage of fully-licensed special education teachers. It would be a severe burden on the state's educational system to require that only fully-licensed special education teachers could teach in core content special education classes. As a result of the shortage of special education teachers, the ADE elected to assure the federal government that it would maintain the highly qualified provisions (ADE is permitted to revise the original provisions). Because the ADE Rules Governing Highly Qualified Teachers and promulgated pursuant to the No Child Left Behind Act of 2001 have been nullified by ESSA, unless these rules are in effect immediately the state has no authority to require special education teachers to be highly qualified. Therefore the state risks the loss of federal special education funding, which will present imminent peril to the public educational health, safety and welfare of the school children in Arkansas; and

Whereas, alternative learning education teachers teaching core content courses are required to be highly qualified under the ADE Rules Governing the Distribution of Student Special Needs Funding and the Determination of Allowable Expenditures of Those Funds. Again, because the ADE Rules Governing Highly Qualified Teachers and promulgated pursuant to the No Child Left Behind Act of 2001 have been nullified by ESSA, unless these rules are in effect immediately, the state has no authority to continue to require alternative learning education teachers to be highly qualified; and

Whereas, the State Board of Education and the Arkansas Department of Education are proposing these rule changes for the purpose of continuing to provide qualified educators in Arkansas public schools in the vacuum created by ESSA so that charter schools and school

districts will be able to hire qualified teachers in May 2016, when by law they are required to renew teaching contracts and are staffing for the next school year; and

Whereas, as a result of the current state rules promulgation process, if these rules are not adopted as emergency rules, school districts may hire teachers that, after the start of the school year, are determined are not qualified; and

Whereas, the State Board of Education finds that imminent peril exists to the public educational health, safety and welfare of the school children in Arkansas due to the need for qualified and effective licensed educators in public schools;

Therefore the State Board of Education and the Arkansas Department of Education promulgate these rules as Emergency Rules Governing the Arkansas Qualified Teacher Requirements pursuant to authority of Ark. Code Ann. § 25-15-204 in order to implement the changes needed for the proper licensure of public school teachers, administrators, and other licensed school personnel.

4.02 These Emergency Rules shall go into effect on May 12, 2016.

4.03 These Emergency Rules shall expire on the earlier of the effective date of permanent rules or September 10, 2016.
